Resource manager      Local conservationist  
Local resident/Stakeholder      Government official  
Landowner      Meeting attendee  
Other

---

### **Questions**

1. Are you familiar with Lower Prairie Dog Town Fork Red River?      Yes      If yes, how many years?  
No

2. What location(s) along Lower Prairie Dog Town Fork Red River are you familiar with?

3. Please characterize the stream flow using TCEQ definitions below:

Ephemeral: A stream which flows only during or immediately after a rainfall event

Intermittent: A stream which has a period of zero flow for at least one week during most years (Channel contains flowing water for only a portion of the year and surface water may be absent at times).

Intermittent w/ perennial pools: An intermittent stream which maintains persistent pools even when flow in the stream is less than 0.1 cubic feet per second (when not flowing, the water may remain in isolated pools).

Perennial: A stream which flows continuously throughout the year

---

4. Have you or your family personally used Lower Prairie Dog Town Fork Red River for recreation?
